Focus Group on Cultural Competency Training

Dear CLR Member,

I am making you aware of this survey in case your organization has an interest in this topic.

It will take no more than 5-10 minutes of your time to inform the development of a valuable service for Greater Vancouver and Southwestern BC employers interested in cultural competency training.

ISS of BC is a long standing, reputable BC not-for-profit organization providing a large variety of support services to immigrants and refugees. It has developed significant expertise in supporting employers to retain their diverse talent by becoming more culturally competent. ISS of BC's goals in developing this service are to help BC employers grow their workforce, as well as to support programs for immigrants and refugees through revenues generated by this service.

Your input into this research is invaluable and your survey responses will be strictly confidential. Data and information from this research will be reported only in the aggregate.

The survey (and more background) can be found

at: <https://culturalcompetencytrg.questionpro.com>

If you have any questions regarding the survey, please contact kjothen@humancapitalstrategies.ca or [250.213.9231](tel:250.213.9231). Or if you have questions of ISS of BC, please contact Carla Morales, at carla.morales@issbc.org or [604-684-2561](tel:604-684-2561) Ext. 1141.

Thank you very much for any time you can contribute to this.
